

We're counting down to Number Day 2021!

Friday 5th February

We are delighted to be supporting the NSPCC by taking part in their Number Day on Friday, 5th February 2021.

Children deserve an equal start in life

The NSPCC believes that all children deserve a childhood free from harm but, sadly, that's not the case for many children. That's why the NSPCC is fighting for every childhood and working to help keep children safe from abuse.

The NSPCC needs our support. We will be raising their profile by taking part in this day, both remotely and in school. Although we are not raising any money in school this year, due to current coronavirus restrictions, if you would like to make a donation please follow the attached link:

Making maths meaningful

Number Day is a great way to make maths fun and bring about a positive, 'can-do' attitude towards it.

On Friday 5th February the children will be experiencing fun, curriculum-based maths challenges, within their bubbles at school, or remotely, to celebrate the day.

We will be taking part in *Dress up for Digits* and all pupils will be invited to wear an item of clothing with a number on it (football shirt, cap, netball shirt or even a onesie!) - photos at the ready!

We would love to bring both our remote and in school community together through uniting in this maths themed event.

Thank you for your support,

Miss Stanley

Maths Coordinator
